

Bridal favor batch plan

Choose one project. This writing worksheet accompanies the measured favor patterns; it is not a full-size cutting template.

A worked supply reference

For 12 recipients, plan 14 passed favors. For 24, plan 26. Two finished spares are a chosen allowance. Add a separate sample item if the approved sample cannot be given away.

Hand-cut paper piece	Yield / plain sheet	14 pieces	26 pieces
Tea wallet: 5.75 x 4.25 in	2, portrait	7 sheets	13 sheets
Napkin band: 9.5 x 1.5 in	4, landscape	4 sheets / 16 bands	7 sheets / 28 bands
Bookmark: 2 x 6 in	3, portrait	5 sheets / 15 bookmarks	9 sheets / 27 bookmarks
Sleeve bounding net: 4.75 x 6 in	1, portrait	14 sheets	26 sheets

These A4/Letter tracing layouts allow 0.5-in outside margins and 0.25-in gaps. Two wallet rows occupy 8.75 in; four band rows 6.75 in; three bookmark columns 6.5 in. They are not pattern-PDF copy counts. Check a real layout first.

Project	14 finished favors	26 finished favors
Tea wallet	14 sealed packets; 14 ribbons	26 sealed packets; 26 ribbons
18-in approved ribbon sample	7 yd before waste; buy 8 yd with 10% allowance and whole-yard rounding	13 yd before waste; buy 15 yd with the same rounding
Whole cloth napkin	14 napkins; 14 joins	26 napkins; 26 joins
Bookmark + sleeve	19 material sheets; 28 tab joins	35 material sheets; 52 tab joins

Sheet counts exclude rejected cuts and extra samples. Start with one extra sheet of each chosen paper and adjust after your cutting check. Use the actual sample to establish ribbon, tape or glue usage; keep original food and cloth information.

Approve the actual sample

Chosen project, actual item and measured size:

Paper / adhesive / ribbon; sample opens and fits; approved by / date:

Shopping and finished counts

Record real package sizes and prices. Blank prices are unknown, not zero. Passed favors are the only pieces included in the pickup stock.

Recipients: _____ **Chosen spare count:** _____ **Goal of passed pieces:** _____

Item / package size	Needed	Buy packages	Actual total cost
Useful item			
Favor paper / bookmark card			
Ribbon / tape / adhesive			
Printing / other material			

Packages = needed amount / amount per package, rounded up. Full batch cost = all purchased materials + printing + delivery. Do not treat leftover package stock as extra finished favors.

Batch checkpoint	Count / owner / date
Blanks cut; pieces assembled	
Passed pieces; repair pieces; rejected pieces	
Passed + repair + rejected = assembled	
Opening intact stock: placed out + reserve	
Closing intact stock: still out + reserve	
Damaged or deliberately removed during pickup	
Taken = opening - closing - damaged/removed	

Dry storage location / transport owner / pickup setup owner:

Intact leftovers go to / note to keep with the gift:

Pickup wording: Please take one if you would like one. Thank you for celebrating with us.

Geometry and arithmetic checked digitally. No physical assembly, print or package-fit test is claimed. Guide and measured patterns: feteandfig.com/stories/bridal-shower-favors
